

PAC-04

Version number (1.0)

Effective date (01 Jun 2026)

## PROTOCOL DEVIATIONS AND VIOLATIONS REPORTING

### Definitions

- **Protocol Deviation:** Any unplanned departure from the approved protocol, study procedures, or RNEC requirements that does not significantly impact participant safety, rights, or study integrity (e.g., missing a scheduled visit, minor delay in data entry).
- **Protocol Violation:** Any serious or significant deviation. A breach of protocol or RNEC requirements that affects participant safety, rights, or welfare, or compromises data integrity (e.g., enrolling ineligible participants, failure to obtain informed consent, non-reporting of SAEs).
- **Noncompliance:** Failure to adhere to ethical principles, RNEC-approved procedures, or regulatory requirements.

### 1. Purpose

To establish procedures for timely detection, reporting, and review of protocol deviations and violations in order to safeguard participant welfare and maintain study integrity.

### 2. Scope

This SOP applies to:

- All research studies approved by RNEC, including
- Both minor deviations, major violations and noncompliance.
- Investigators, sponsors, and institutions conducting research in Rwanda.

### 3. Responsibilities

(1) Principal Investigator (PI):

- Submits continuing review request with supporting documents.
- Submit complete continuing review reports on time
- Report deviations, violations, and adverse events promptly
- Provide monitoring and safety oversight reports
- Ensure study remains compliant with RNEC requirements
- Halt study activities if approval lapses

(2) RNEC Secretariat:

- Receives, logs, and forwards reports for review.

(3) RNEC Chairperson:

- Determines whether reported issues require expedited or full board review.

(4) RNEC Members:

- Review reported deviations/violations and recommend corrective action.

### 4. Procedures

#### Step 1. Identification

- Study team identifies and records deviation or violation.
- PI assesses significance (minor deviation vs. major violation).

#### Step 2. Documentation

- PI documents incident using Protocol Deviation/Violation Report Form.
- Includes: description, date, cause, corrective/preventive action.

#### Step 3. Reporting to RNEC

- Minor deviations: Summarized in annual continuing review reports.

- Major violations: Reported to RNEC within **7 days** of discovery.
- Serious breaches affecting participant safety: Reported within **48 hours**.

#### Step 4. RNEC Review

- Secretariat logs and assigns to Chair.
- Chair determines if expedited review is sufficient or requires full board deliberation.
- Corrective actions required may include: protocol amendment, participant re-consent, or study suspension.

#### Step 5. Communication of Outcome

- Secretariat communicates RNEC decision to PI within **7 working** days of review.
- PI responsible for implementing corrective actions and documenting compliance.

### 5. Required Documents

- Protocol Deviation/Violation Report Form.
- Description of incident and impact assessment.
- Corrective and Preventive Action (CAPA) plan.
- Supporting evidence (case report forms, monitoring reports, etc.).
- Updated protocol/consent forms if applicable.

### 6. Compliance

Failure to report protocol violations may lead to suspension or withdrawal of RNEC approval. Institutions must have internal SOPs aligned with this requirement.

### 7. Quality Assurance

RNEC shall:

- Periodically audit expedited decisions
- Review SOP every 3-5 years
- Train staff and reviewers

### 8. References and Ethical Framework

- (1) Law N° 015/2022 of 29/06/2022 relating to research on a human being ([View/Download](#)).
- (2) Ministerial Order N° 002/MoH/2023 of 21/03/2023 relating to Rwanda National Research Ethics Committee on a human being ([View/Download](#)).
- (3) Law N° 003/2018 of 09/02/2018 Establishing the Rwanda Food and Drugs Authority, and Determining its Mission, Organization and Functioning ([View/Download](#)).
- (4) Declaration of Helsinki - Ethical Principles for Medical Research Involving Human Participants (2024) ([View/Download](#))
- (5) CIOMS - International Ethical Guidelines for Health-related Research Involving Humans (2016) ([View/Download](#))
- (6) ICH - Guideline for Good Clinical Practice E6 (R3) [View here](#)
- (7) WHO Standards and Operational Guidance for Ethics Review of Health-Related Research with Human Participants (2011) ([View/Download](#))
- (8) RNEC Ethical Guidelines ([View/Download](#))

### 9. Revision History

Version	Date	Summary of changes
1.0	11-05-2026	First RNEC SOP for Protocol Deviations and Violations Reporting.
